| (v) He said, "Would you like a lift ?"                  |  |
- 1×5=5

### Part-C

3. Read the following passage carefully and answer the questions given below :

Every successful man fails at some time. Failure tells you about your weaknesses, shortcomings, lack of preparations, lack of efforts, so if you can manage to learn from failures, you will definitely reach where you started out to go. Making a mistake is not a crime, the ability to learn from it contributes to lasting success. Extract the lesson to be learnt from failure and try again with redoubled vigour. Facing failure makes one strong, more wise and more resolute, spur them on to greatest efforts. There is no failure in truth save from within; unless we are beaten there, we are bound to succeed.

'Failure' means lack of competitiveness, lack of preparation, lack of analysing the things properly. Failure are stepping stones to achieve success. Failure should not be allowed to create frustration, desperateness, or disappointment, instead failure should be taken as a born which gives you strength to fight back with fierce fortitude and insincible zeal.

*Questions :*

- |                                                                      |        |
|----------------------------------------------------------------------|--------|
| (i) How does failure make one strong ?                               |        |
